

4 *Soundshine File #990012 from the Resonate
Research Lab Concerning:*

... *Urgent Case of Unprogrammed Communication
and System Glitches.*

... *Picked up fragments of conversation between
two Robodies model XCL as they chance upon a small
artist community of the last human species of
plasm organisms living on the edge of civilisation
A.A. 2225.*

XCL 1

How

He

Who

This criss crossing

Crisis addicted creature

Ice crystals

Water

Skies

What it calls

A life?

Produces soundbytes

Patterns

Thumping lines

XCL 2

Who

How is it

That in order to exist

Cre cra ...

Decalibrating

Colouring

Fuming

To live

A life

Helplessly

Bursting with it

Unprogrammed

XCL 1

Shrieking

Sawing

Wants!

Side effects of symptoms

Loads of things

Greedy

Plasm clots

Puffing

Utterly unproductive

Sssshhhhh...

Shush!

Hear

XCL 2

Screeching

See-

And expects

Demands these

To mean something

Loads

Hairy

Grabbing

Unefficient

But these...

Songs?

Meanwhile

How

XCL 1

Ha

And shine

And soundshine

Absolutely

Ice

Breathe

Buffering

Skies

xxx

XCL 2

How they hover

Hover

Shine

Untouched

Water

Breathing

Rebooting

xxx
